Professional Summary

Aspiring Software Developer and Computer Science graduate in-training specializing in full-stack web development. I have completed all academic modules, and I am currently seeking Work-Integrated Learning (WIL) to gain practical industry experience. Demonstrated ability in building responsive applications and solving real-world problems through clean, maintainable code and user-focused design.

Core Competencies

- Full-Stack Software Development
- Database Design & Management
- Systems Analysis & Problem Solving

Technical Skills

- Developing tools: Java, Node js, JavaScript, HTML, CSS
- Database Management: MySQL
- Version Control: Git, GitHub
- API Testing Tools: Postman
- Productivity Tools: Microsoft Office

Additional Skills

- Attention to Detail, Problem Solving, Self-Motivation, Creativity, Work Ethics, Critical Thinking, Time Management, Adaptability to New Tools.

Professional Experience

JUNIOR DEVELOPER (PROJECTS) | Tshwane University of Technology — Pretoria | 2025

- Engineered a web-based Vehicle Management System to streamline logistics, scheduling, and maintenance tracking.

Reference: Mr. Vuyisile Memani (Lecture)
MemaniV@tut.ac.za | 012-382-9749

Projects

Vehicle Management System

- Designed a logistics system to manage vehicles, trips, and inspections.
- Enabled efficient scheduling, tracking, and compliance with data privacy standards.
- Built role-based access for Admin and Employees.

Portfolio Website

- Built using HTML, CSS, and JavaScript.

- Showcases projects, skills, and personal profile.
- Fully responsive and user-friendly design.

Education

Diploma in Computer Science | Tshwane University of Technology | 2022 (WIL)

National Senior Certificate | Msengi Secondary School | 2021
